

Corporate Resume'

Loss Prevention Systems, Inc. is a total security solutions provider to commercial and government agencies. Loss Prevention Systems, Inc. has been providing quality security solutions for over 36 years, with the corporate headquarters located in Lake Elsinore, CA. We offer clients the ultimate source for Hardware and Professional Services in the Security arena on a worldwide basis.

CAGE Code: 44WN1
HubZone Certification No. 22699
GSA Contract No. GS-07F-9351S

Loss Prevention Systems, Inc. employs a core management staff of highly skilled security professional & technicians. The management staff has 75 years of security & locksmithing experience. With this experience level, we design the appropriate security solution to meet each of clients' unique needs and requirements. These clients range from the Fortune 100 to the U.S. Navy.

Loss Prevention Systems, Inc. has a growing reputation as a high quality provider of end-to-end security solutions to U.S. Government agencies, specifically the U.S. Navy.

"We appreciate the outstanding work that you and your crew have been doing for the Navy Southwest. Your exceptional attention to detail is very impressive and I glad to see these barriers are all back up and running. Thanks again for all the hard work."

Jim Reames, NSWC Crane
