INTERGRATION SERVICES

The following list includes, but is not limited to, security technologies from which Loss Prevention Systems, Inc. draws when designing and creating security solutions based on our customer's requirements to protect and mitigate risk for their high value assets.

REQUIREMENTS ANALYSIS
- Threat Assessment
- Risk Assessment

SYSTEM DESIGN AND ENGINEERING
- Software, Electrical, Mechanical, Civil and Security Systems Engineering

SYSTEM INTEGRATION
- Equipment, Hardware, Software and Infrastructure Integration - Includes integration of disparate COTS and legacy security systems with software development as necessary
- Select the best technologies and integrate as necessary to mitigate potential risks and threats to high value assets. Systems are designed to accommodate customer day-to-day operations yet be flexible for the unexpected or crisis situation

CONSTRUCTION MANAGEMENT SERVICES
- Infrastructure Design and Construction Implementation Management

IMPLEMENTATION
- Project Management
- Installation Services
- Testing

TRAINING
- Train the Trainer – Administrative and Operations

DOCUMENTATION
- Technical
- Operations

SUPPORT
- Maintenance Contracts after Warranty Expiration
- Fully Supported with Help Desk System

LPS

The following list includes, but is not limited to, security technologies from which Loss Prevention Systems, Inc. draws when designing and creating security solutions based on our customer's requirements to protect and mitigate risk for their high value assets.

SECURITY MANAGEMENT SYSTEM (SMS)
Software that manages multiple sensors in a user friendly display as applicable

- Forensics
- Prevention
- Real-Time Response

SENSORS
- Radar
- RFID
- Access Control
- Video Analytics
- Seismic Sensors
- Vibration Sensors
- Acoustic Sensors
- Diver Detection Sonar
- Combustible Gas Sensors
- Facial Recognition Sensors
- Radiation Detection Sensors
- Long Range Outdoor Intelligent Video Analytics

CAMERAS
- PTZ
- Fixed and IP
- Thermal Imaging
- Pixim Based Day/Night
- Long Range Color Day/Night

MASS NOTIFICATION/PUBLIC WARNING SYSTEMS
- Email
- PBX
- SMS Messaging
- Desktop Notification
- Loud Speakers - Voice and Tone
- Cell Phone/Traditional Landlines

RF SURVEYS

GIS SERVICES
- Complete GIS Mapping Development and Integration Services
