

# Capabilities Statement

## Company Information

Loss Prevention Systems, Inc. (LPS) is a physical security services company that was established in 1970. We specialize in global management support to Force Protection, Base Operations, and Antiterrorism for the United States Government. We use this expertise to elevate our clients' security to a higher level, safeguarding personnel and property.

We install, repair and/or design: SIS LAMAS/RAMAS products and solutions, AVIGILON, LENEL, DMP, BOSCH, DSC, AMAG access control systems, alarm integration, turnstiles, intrusion detection systems, fencing, bollards, barriers, cameras, card readers and AVG (Automated Vehicle Gate) Systems. We have worked on all types of barrier systems: Wedges, Bollards, Drop Arms, Grabnets and Tire Spikes. We can supply, install and/or integrate several systems depending on the specific needs of your facility. We are UL 2050 certified.
